

LOCAL 881 NEWS

AUGUST 2025

A message from our Local President

Dear Members,

Summer is quickly coming to an end and the school year is just around the corner. Cooler weather and even thoughts of snow will soon be here and we all will be wishing for these hot days.

Last year when we notified management in the Parks Department about footwear not being issued to the employees, both management and the union worked together to resolve this issue. This past spring, the union contacted the Department to discuss the yearly issuance of footwear. The truck was booked for three days in July for members to replace their old work boots/shoes with new, photos on back. Currently, we are working with the Highway Division to resolve the matter of work boots/shoes not being issued to members yearly.

As union members, you have a right to union representation during interrogations and disciplines. This is known as your Weingarten Rights. Management must allow a union representative to be called and cannot question you until your representative is in the room. If this right is denied, an improper practice charge can be brought against management.

Be on the look-out for the Member Information Days flyer. These three events will be held September 4th at DPW, September 10th at Town Hall North, and September 12th at Town Hall South. Once again, there will be various CSEA vendors available to assist you with questions along with lunch and ice cream. These days are always a great time to get together and relax with your fellow employees.

As always, if you have any questions, concerns, health and safety matters or need assistance, please call our office at (516) 677-5818. I can be also be reached on my cell phone at (516) 279-9912.

In Unionism,

Guadalupe Johnson
