A message from our Local President

Dear Members,

The holiday season is officially here. The Parks Department is gearing up for the outdoor ice skating season. Community and Youth Services is preparing the drive-thru holidaylight extravaganza and concerts. While highway is prepping for winter storms.

Here in the union office, we've been busy with hearings, grievances, and our everyday work. Along with that, we attended CSEA's Annual Delegates meeting in the beginning of October. During this week-long event, we attended educational workshops, participated in the statewide Local Government meeting, and conducted business regarding CSEA's constitution and by-laws. During the closing ceremonies, Long Island Region One, once again, won the Polar Cup. This award is given to the region who raises the most money for the Special Olympics Polar Plunges.

On October 18, we participated in the Susan G. Komen Breast Cancer walk at Jones Beach with the Region One Women's Committee. It was a beautiful morning to walk and raise money for this great cause. The team exceeded their goal by raising $6,496.

It was boot day in the Highway Division on October 28. In accordance with the contract, members are allotted one pair of boots per year if their tasks require them. The division ordered the boots that the employees had chosen and distributed them once all orders were received.

If you'd like to make an appointment, have any questions or feel there is a health and safety issue, please call the office at (516) 677-5818. I can also be reached on my cell, at anytime, at (516) 279-9912.

In Unionism,

Guadalupe Johnson

The tradition of playing football on Thanksgiving began as a marketing strategy to make football more popular. There are two teams that always play on Thanksgiving. The Detroit Lions started their tradition in 1934 and the Dallas Cowboys followed suit in 1966.
